## **FULL-TIME EQUIV BY COLLEGE ENROLLMENT**

<sup>\*</sup> Full-Time Equivalent enrollment for Fall and Spring semesters is calculated by dividing Graduate and Professional enrollment credit hours by 12, the Undergraduate enrollment credit hours by~15.~Full-Time~Equivalent~enrollment~for~Summer~semesters~is~calculated~by~dividing~enrollment~credit~hours~for~all~levels~by~6.

<sup>1)</sup> This interdisciplinary program, directed by the Graduate College, prepares health professionals to become competent in the methodological foundations and conduct of clinical and translational research.

<sup>2)</sup> The basic science graduate programs of Biochemistry and Molecular Biology, Cell Biology, Microbiology and Immunology, Physiology, Pathology, and Neuroscience offer a one-year interdisciplinary curriculum to prepare biomedical doctoral students for career choices. After the first year of coursework that includes up to four laboratory rotations in varied departments, students select a department and mentor, then matriculate into a specific degree-granting program to complete the Ph.D. degree.
