FULL-TIME EQUIV BY COLLEGE ENROLLMENT

^{*} Full-Time Equivalent enrollment for Fall and Spring semesters is calculated by dividing Graduate and Professional enrollment credit hours by 12, the Undergraduate enrollment credit hours $by \ 15. \ Full-Time \ Equivalent \ enrollment \ for \ Summer \ semesters \ is \ calculated \ by \ dividing \ enrollment \ credit \ hours \ for \ all \ levels \ by \ 6.$

¹⁾ This interdisciplinary program, directed by the Graduate College, prepares health professionals to become competent in the methodological foundations and conduct of clinical and translational research.

²⁾ The basic science graduate programs of Biochemistry and Molecular Biology, Cell Biology, Microbiology and Immunology, Physiology, Pathology, and Neuroscience offer a one-year interdisciplinary curriculum to prepare biomedical doctoral students for career choices. After the first year of coursework that includes up to four laboratory rotations in varied departments, students select a department and mentor, then matriculate into a specific degree-granting program to complete the Ph.D. degree.
